Overview

This intensive 2-day masterclass equips participants with advanced skills in Google Apps Script, enabling them to automate complex workflows and integrate multiple Google services.

Using ChatGPT as a coding assistant, participants will learn to tackle challenges, optimize scripts, and build sophisticated solutions.

The program includes interactive Q&A, real-time assistance, and a final project presentation to consolidate learning outcomes.

Instructor-Led

TRAINER

Ali Reza Azmi

Learn with 24co today!

Course Objectives:

- Master advanced Google Apps Script automation techniques.
- Build complex workflows integrating Google services and APIs.
- Use ChatGPT for coding and troubleshooting real-world projects.

Course Outline

[DOWNLOAD COURSE DETAILS](#)
